

# Supplementary Figure 2

A.

Connect a bluetooth keyboard to your phone to enable these shortcuts!

Diagram illustrating the shortcuts for connecting a Bluetooth keyboard to a phone. The shortcuts are:

- space: summons the menu in front of the camera
- enter: reset cell colors and search results
- control-space: reset menu to starting position
- shift: summons the mini-map (mobile only)
- control-+/-: increase/decrease the size of the cells
- up/down: move towards/away from the current gaze direction

B. Push the button on the top-right of the visor to move in VR space

Diagram illustrating the button on the top-right of the visor used to move in VR space.

C. virtual keyboard

Diagram illustrating the virtual keyboard interface. The interface shows a search bar, a list of genes, and a list of annotations. The search bar is labeled "search for a gene" and the list of annotations is labeled "choose an annotation".

Use the gaze function to interact with the menu
